## **Beaky! *I told you so!***

**I told you that TJ Reardon would expose us!  
Now the Public knows we are corrupt and have been  
taking money for years. The City is Broke and our  
pot of Gold is empty, the cash cow is dead!**

**I just hate Rotten Politics.com.**

**They beat us with nothing but the truth and by  
exposing to the public our very own hidden facts, we  
hoped they never would see?**

## **Shut up Walker!**

**Worner, Grable and Gorman will get us out of this  
too! Don't let the people know that we know that  
they know!**
