

**Unified Government passes higher taxes
Receives LESS money from taxpayers**

Kansas City Missouri and Johnson County are laughing at Mayor Joe Reardon and Wyandotte Administrator Dennis Hays. The higher Hays and Reardon jack up property taxes the more citizens that flee the county. Less people mean Less tax payments.

Reardon first raised sales taxes and then said OK we will decrease the property taxes. LIE - LIE - LIE. Reardon then stuck a 12% tax increase on top of the sales tax increase and moved out of his house at midnight so the neighbors would not notice. The house the Mayor lived in was first due to pay property taxes the following year. Instead Reardon stuck it to taxpayers and laughed all the way to the bank as taxpayers pay the way for his family.

Now taxpayers get to pay more who are trapped into the county. The people with cars and mobility go shopping in Johnson County. Good Luck to the future citizens who are left with high taxes, low service and a declining population base to fix the problems.
